Dear Meg,

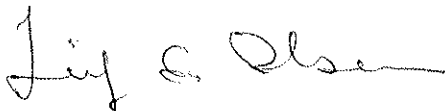

I would like to express my sincere gratitude for awarding me an Aviation Distributors and Manufacturers Association Scholarship. This scholarship will allow me to continue pursuing my passion for aviation and flight at the University of Dubuque. I am currently finishing up my instrument rating while simultaneously working on my commercial certificate and taking courses on campus. Thanks to your generosity and kind hearts I will be able to fund my lifelong goal to become a professional pilot, and hope to someday make a positive and recognizable impact in the aviation community.

This award will allow me to continue my active participation in student leadership positions on campus as well as in my community by lessening the dramatic impact of student loans and financial need. It will also help further my education at the University. Wilbur Wright once said, "It is possible to fly without motors, but not without knowledge and skill." I am forever grateful for your gift, it is truly a blessing.

"When once you have tasted flight, you will forever walk the earth with your eyes turned skyward, for there you have been, and there you will always long to return." - Leonardo da Vinci

Wishing you blue skies and tailwinds.

Sincerely,
